

ASX / MEDIA ANNOUNCEMENT

3 May 2007

AZURE INVITES SHAREHOLDERS TO UPCOMING INVESTOR PRESENTATIONS

Precious and base metals explorer **Azure Minerals Limited** (“Azure”) (**ASX: AZS**) is pleased to announce that Managing Director, Mr Tony Rovira, will be presenting at a series of events over the next few weeks. In all, shareholders will have an opportunity to attend a presentation and meet with Tony Rovira in Melbourne, Sydney, Brisbane and Perth. All events, except the AMEC Congress, are complimentary for all shareholders to attend and colleagues and advisors of shareholders are also welcomed. The presentations will provide an update on exploration activities in Mexico.

The first presentations will be given at the AMEC Investor Briefing Roadshow in Melbourne and Sydney this coming weekend on the 5th and 6th of May respectively. Azure’s presentation will begin at 10.25am, in both cities.

AMEC (Association of Mining and Exploration Companies) is an industry body for junior and mid-size mineral exploration and mining companies within Australia. The AMEC Investor Briefing Roadshows allow investors outside of Western Australia to hear directly from WA-based companies involved in the resources sector. A number of other AMEC members will also present.

In Brisbane, Azure will be conducting a dedicated Investor Briefing and presentation on Wednesday the 23rd of May at 12.30pm. Invitations will be sent to Queensland based shareholders in the next few days.

Finally, in Perth from the 7th June to 9th June Azure will be participating in and presenting at the 2007 AMEC National Mining Congress. Mr Rovira will be presenting to conference delegates to the Congress on Friday at 1.30pm, as well as to attendees to the Retail Investor Day on Saturday 9th June at 11.00am. Attendance to the Retail Investor Day on Saturday 9th June is complementary. Again a number of other AMEC members will also be presenting.

“This is a great cost effective way for us to meet and engage with shareholders,” said Mr Rovira. “After the success of a similar presentation in Adelaide in March, I am looking forward to meeting with shareholders at these events. These forums are an important part of our commitment to ongoing communication with all our shareholders.”

A full timetable and location guide for the events follows this announcement. Shareholders are asked to register to attend each respective presentation to assist with organisation. Azure would also like to welcome attendance by colleagues or advisors of shareholders. Full details of how to register can be found at Azure’s website www.azureminerals.com.au, or by phoning the Azure office on (08) 9481 2555.
